

OCVA SI-Fund

Annual Coastal Tourism Grant

A Strategic Investment Fund (SI-Fund) of \$163,810 has been created to rapidly and surgically respond to high value destination development or management projects in critical moments of need to sustain their viability and/or momentum. The SI-Fund can also be used for tourism-related professional development opportunities. Projects will be prioritized if they align with coastal regional and sub regional goals and OCVA's two-year plan. It's also great to see support from other Oregon tourism regions (Portland, Southern Oregon, etc.).
