

OCVA + Kind Traveler Every Stay Gives Back

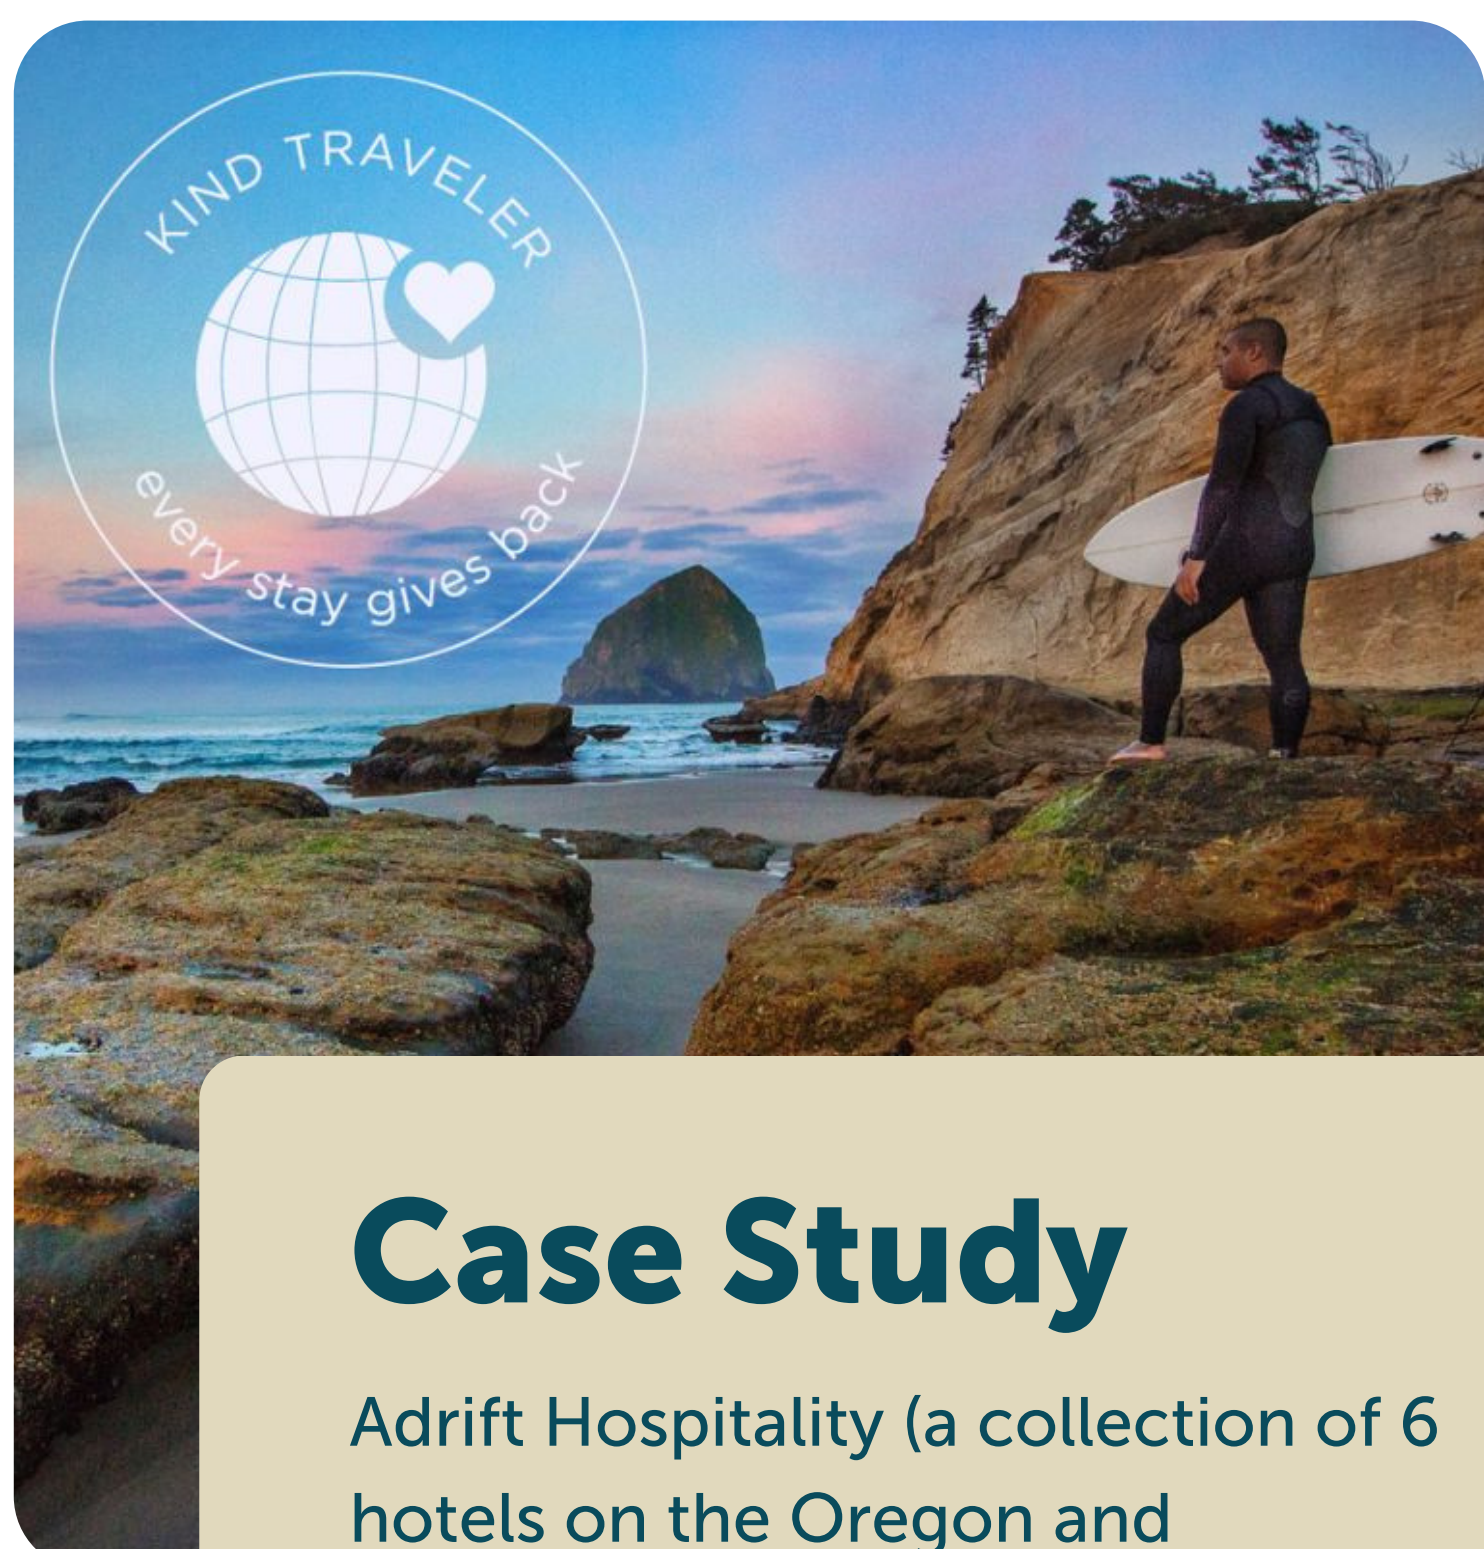

Help our visitors make a positive impact on the coast!

Hotels and vacation rental companies on the Oregon Coast can now partner with Kind Traveler so that visitors can give back to the coast with every stay. This is a great option for travelers to mitigate their environmental impact when traveling by supporting local environmental non-profits.

How it works: Participating lodging partners choose an OCVA-vetted environmental nonprofit to designate as a charity beneficiary. A portion of every guest stay will fund the designated nonprofit, with **100 % of the funds donated to the nonprofit beneficiary.**

We've partnered with multiple non-profits along the coast, and hotels can choose to direct donation dollars to non-profits doing work in their backyard — so each stay gives back in a way that is even more meaningful.

Case Study

Adrift Hospitality (a collection of 6 hotels on the Oregon and Washington coast) collects \$2 dollars per night, with funds going to Dylan Jude Harrell Community Center. Since November 2022, Adrift Hospitality has collected over \$80k for local their nonprofit partner!

Hotels interested in being part of the Kind Traveler program should contact Jessica Blotter: jblotter@kindtraveler.com
